MEMORANDUM FOR: Chief, Security Staff, DD/I

SUBJECT : Security of DD/I Pouch Material

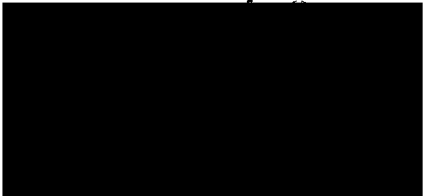

1. Some questions recently have arisen as to whether or not the DD/I pouch material to and from overseas stations and bases conforms to the Agency's established sterilization and security regulations, particularly as to the material which is prepared or received at DD/I components and handled by them directly with the pouching

25X1C

2. It is requested that you have your Staff make detailed inquiries into this matter. Very possibly, such inquiries may require somewhat extensive work on the part of your personnel. You may call upon this office for what assistance may be necessary outside of the DD/I Special Center.

3. Please submit a report of the results of your inquiries, and during the progress of them advise informally as to such matters as may indicate the need for immediate remedial action.
